## Layout

### File size: 300.22mm x 213.22mm

Backgrounds need to extend across the entire format.

### Product size: 297mm x 210mm (DIN A4)

**Trim line: 1.61mm** from the edge of the file size.

The product is cut here. The cut may shift up to 1 mm in any direction (trim tolerance).

### Safe zone:

**3.22mm** from the edge of the file size.

Make sure to place elements that mustn't be cut into inside this zone.

### Schnitttoleranz-Bereich

Innerhalb dieses Bereiches kann der Beschnitt abweichen

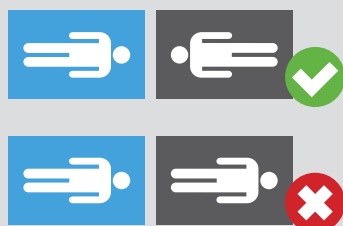

## Orientation

for double sided flyers

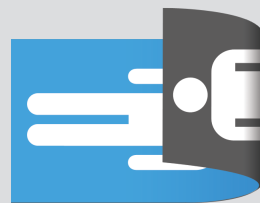

### Vertical Orientation (Portrait)

Due to technical reasons, it is necessary that front and back of vertical cards are oriented in opposite directions (for the typical orientation in the print result).
