Layout

File size: 154.35mm x 111.35mm

Backgrounds need to extend across the entire format.

Product size: 148mm x 105mm (DIN A6)

Trim line: 3.175mm from the edge of the file size.
The product is cut here. The cut may shift up to 1 mm in any direction (trim tolerance).

Safe zone:

4.78mm from the edge of the file size.
Make sure to place elements that mustn't be cut into inside this zone.

 **Trim tolerance area**
The cut may shift within this area.

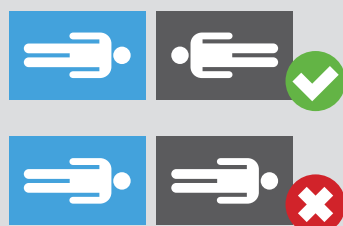

Orientation

for double sided flyers

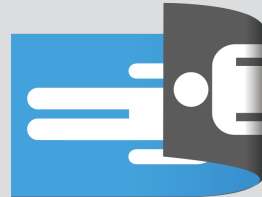

Vertical Orientation (Portrait)

Due to technical reasons, it is necessary that front and back of vertical cards are oriented in opposite directions (for the typical orientation in the print result).
